

# 2017 ANNUAL REPORT

We believe that **every child deserves access to safe and clean water** in the Kansas City Metropolitan. We believe in educating youth about the **importance of water quality and its impact on health, recreation, and a high standard of life**. We believe in the impact of the work we do!

Thank you for supporting our educational efforts for the past 20 years toward these goals.

**We couldn't do it without you!**
